

GROSSET

Apiana

2024

'This vintage, our estate vineyards produced the most pristine fruit that we have seen. We put this and the fruit's intense flavours down to the cool conditions early (the riesling fruit was hand harvested before hotter weather in March) and the impact of biodynamic farming. A very exciting vintage!' Jeffrey Grosset

Specific clones of this indigenous grape from Campania, grown on poor soil at the Grosset Rockwood Vineyard, on a cool-site in the Clare Valley, have resulted in an extraordinarily powerful and aromatic expression of the variety. This year, there is a greater intensity of flavour which flows through the wine and lingers on the dry finish: beeswax, candied honey, bliss.

Produced from fiano grown biodynamically at the Grosset Rockwood Vineyard

Unfined: vegan and vegetarian friendly

Available in 750ml

Release Date: **September 1st, 2024**
