

GROSSET

Nereus 2022

The shiraz, a less common clone (known as 'Tahbilk') is showing greater depth of flavour and better balanced tannins as the vines age. The Grosset Nereus 2022 is once again a blend of shiraz with ten per cent nero d'avola - has bold, ripe and succulent texture that is fresh and lively, dense and powerful, with blackberry, mulberry and blackcurrant flavours in the mid-palate and a finish that is intense and long. It is generous and fleshy, ripe and full-flavoured and such delicious drinking at a young age.

Estate grown at Grosset Rockwood Vineyard in the Clare Valley (A-Grade Certified Organic and Biodynamic)

Matured in French oak barriques (45% new) for 18 months.

Unfined: suitable for vegans and vegetarians

Release: April 1st, 2024
